

# TETRA PAK SPARE PARTS SUPPLY

## OEM Parts / Compatible Parts / Cost-Saving Maintenance Support

Fast checking by **Part Number**, **Machine Model** or **Component Photo**

### 01 / SUPPLY PROFILE

---

- Focus:** Spare parts supply for Tetra Pak maintenance, refurbishment and replacement demand.
- Users:** Filling plants, third-party service companies, refurbishers, spare parts traders and maintenance teams.
- Core Advantage:** In suitable maintenance scenarios, compatible options can help reduce procurement costs by around **30%–50%**.
- Checking:** Support based on part number, machine model or component photo.
- Scope:** Routine maintenance, overhaul support and urgent replacement demand.

### 02 / SUPPLY SCOPE

---

#### [Supported Models]

TBA/19, TBA/21, TBA/22, A3/Flex, A3/Speed & related downstream equipment.

#### [Component Categories]

**Mechanical:** Gears, cams, bearings, shafts and related mechanical parts.

**Pneumatic:** Valves, cylinders, actuators and related air-line parts.

**Sealing & Wear:** Seals, gaskets and wear parts.

**Electrical:** Sensors, encoders and selected electrical parts.

### 03 / OPERATIONS & SUPPORT

---

- Part Checking:** Cross-checking before quotation and order confirmation to reduce mismatch and installation deviation.
- Option Matching:** OEM or compatible parts matched according to budget and maintenance requirements.
- Packing Support:** Export packing arranged according to shipment requirements and transport method.
- Pre-Shipment Confirmation:** Part details, quantity and packing condition confirmed before dispatch.

### 04 / DELIVERY & LEAD TIME

---

- Lead Time Check:** Checked case by case according to item, quantity and supply availability.
- Urgent Demand:** Priority checking for machine-down and urgent replacement demand.
- Shipment Options:** Air freight, land freight or other suitable shipment methods arranged according to destination and urgency.
- Destination Support:** Packing and routing adjusted according to country requirements and delivery conditions.

### 05 / INQUIRY DETAILS

---

**To check price, availability and lead time, please provide:**

- OEM Part Number (Preferred)
- Order Quantity
- Machine Model
- Component Photo (If P/N is unreadable)
- Destination Country
